## SUMMARY

Aspiring web developer proficient in both front-end and back-end development. Skilled in building responsive and user-friendly websites and web applications.

## EXPERIENCE

### Web Developer

May - June 2024

Tech Stack: [React, Tailwind CSS, EmailJS, SMTP, Live Hosting, ExpressJS]

Online

- Built a fully responsive web platform from scratch using React and Tailwind CSS, ensuring seamless performance across devices.
- Configured and optimized an SMTP server and integrated EmailJS for automated notifications and form submissions.
- Deployed and maintained live hosting, managing DNS configurations and domain integration.

### Frontend Developer, ISKCON Noida

July 2024 - present

Tech Stack: [ReactJS, Tailwind CSS, TypeScript, Yarn, Framer, Git]

Hybrid

- Led the frontend development for ISKCON Noida's website, delivering a responsive and high-performance user interface using TypeScript and Tailwind CSS.
- Improved website performance by optimizing load times, enhancing the user experience across devices.

## PROJECTS

### Real-Estate Website: [Real Estate Marketplace]

Apr 2024

Tech Stack: [ReactJS, NodeJS, MongoDB, ExpressJS, Redux, JWT, Firebase]

- Developed a full-featured real estate website using the MERN stack implemented with secure user authentication and authorization using JSON Web Tokens (JWT).
- Utilized Redux for efficient state management and enhanced user experience.
- Enabled property listings, user profiles, advanced search filters, and real-time updates.

### Portfolio: [Multipage personal portfolio]

May 2024 - Present

Tech Stack: [React JS, Node JS, Express JS, Vercel]

- Created a professional platform that effectively highlights personal projects, technical skills, and professional qualifications.
- Utilized React-Bootstrap and custom CSS for a visually appealing and easily customizable design.
- Ensured full responsiveness across devices for an optimal user experience.

### Food-Ordering Website

Feb 2024 - Mar 2024

Tech Stack: [React JS, Next JS 14, MongoDB, Tailwind CSS, Next Auth, Typescript, Firebase]

- Developed a dynamic food ordering website using Next.js and React.js
- Utilized MongoDB for efficient data storage and Firebase for real-time database features and notifications.
- Implemented user-friendly interfaces for browsing menus, placing orders, and tracking order status in real-time.

## EDUCATION

### J.S.S Academy Of Technical Education

B.Tech- Information Technology - CGPA: 8.125

Noida

2021-25

### Guru Tegh Bahadur Public School

High School(10th) - 95.6%

Meerut

2018-19

Senior Secondary School(12th) - 90.6%

2020-21

## SKILLS

- |                |                |              |
|----------------|----------------|--------------|
| • MERN         | • TypeScript   | • HTML       |
| • React Native | • Tailwind CSS | • JavaScript |
| • ExpressJS    | • NodeJS       | • CSS        |
| • NextJS       | • DSA          | • MongoDB    |
|                |                | • ReactJS    |

## EXTRACURRICULAR ACTIVITIES

- Video Editing
- Figma Designs
